MESSAGE FROM PRESIDENCY

At Centro Fox we work to be the cradle of leadership for each of our visitors, from the smallest to the oldest.

OUR MISSION IS:

Contribute to the formation of compassionate leaders through ethical and social values that always promote freedom, equality, equity and, above all, the dignity of people.

It fills us with joy to share with you that we have been training leaders for more than 15 years and today we share with you the results of another great year that was 2023.

No achievement would have been possible if it were not for each and every one of our associates, allies, donors, public and private institutions and of course our collaborators.

The commitment of Centro Fox and ours continues to be with you, to do our part in achieving a much more humane world with opportunities for all in a healthy and fair way.
